2019 Duneland School Corporation Annual Performance Report (APR)

General Explanations:

The APR is a report on the performance of schools and school corporations (districts) in your area. The goal is to provide information regarding the progress schools are making to help students become college-and–career ready. Where possible, this report contains three years of data to show trends – not just this year's results. In addition, the State Average is also shown for comparison purposes. There are additional indicators that are available on the Indiana Department of Education's Web site (compass.doe.in.gov), including data broken out by different student subgroups, such as race, gender, income level and special education.

Indiana educators and citizens have developed higher academic standards for all students. These standards are necessary to prepare Indiana students to be successful in life, whether they go directly to higher education or to the workplace. The scores for ILEARN/ISTEP+ are listed under each school to reflect student progress toward those standards. For high schools, you also will see graduation rates and the percentage of graduates who plan to go on to college.

Other important data are provided, such as average attendance rates and indicators of school safety, including expulsions and suspensions. Also included is information about your school corporation, such as how much is spent, on average, for each student; how much teachers are paid; and the percentage of corporation students who are in special education classes or gifted and talented classes.

1. The Duneland School Corporation shall strive to maintain and/or increase the current level (percentage) of expenditures for the student instructional expenditure categories as compared to the other expenditure categories as described in IC 21-42.5-3-4 for the next fiscal year by identifying efficiencies (e.g. consolidation of services, cooperative purchasing, etc.) in expenditure categories.

IC 20-42.5-3-6(a) states: "Beginning with the 2007-08 school year, each governing body shall establish goals for each category of expenditures set forth in section 4 of this chapter that will increase the school corporation's allocation of taxpayer resources directly to student instruction and learning, in light of the unique circumstances present in the school corporation."

The categories of expenditures referenced above are: (1) Student academic achievement expenditures, (2) Student instructional support expenditures, (3) Overhead and operational expenditures, and (4) Nonoperational expenditures.
